FINANCIAL POLICY

It is our hope that you will understand our credit and collection policies are a necessary part of assuring the financial resources required to maintain the dental care we provide for our patients.

Charges for dental services are due and payable at the time services are rendered. We will then file your insurance claim electronically and the insurance company will reimburse you. We accept MasterCard, Visa, Discover, and American Express.

If you have dental insurance, it should be understood that this is an agreement between you and your insurance company to pay you a certain amount for dental care. You are responsible for the payment of your bill regardless of the status of your insurance claim or the total benefit to you.

A short-term monthly payment plan may be arranged with our receptionist or office manager. There is a finance charge for any balance due over 60 days from the date of service. You may also qualify for financing for dental work through Springstone Patient Financing.

If unusual circumstances should make it impossible for you to meet our credit terms, we invite you to discuss the matter with our financial manager. This will avoid misunderstandings and enable you to keep your account in good standing. Otherwise, an account that is 120 days past due will be referred to a collection agency.

There is a \$50 fee if you cancel your appointment without a 24-hour notice, or miss your appointment.

Thank you for your cooperation.
